SOFTWARE ENGINEER

Full stack web development, Experienced in building websites and programming languages. Strong commitment to continuous learning and staying up-to-date with the latest trends and technologies in programming.

EXPERIENCE

Mobile Developer React Native   **2023-present**
Enkrypt | Remote

- Developed and maintained **mobile applications** using React Native and JavaScript
- **Collaborated** with a team of developers to design, develop, and test new features
- Worked with stakeholders to gather requirements and translate them into technical specifications
- Resolved bugs and **performance** issues
- Kept up with the latest trends and technologies in mobile development

Codi.Tech   **2022-2023**
Software Engineering Bootcamp, Tripoli, Lebanon

- Completed comprehensive Core Web Development program, focused on coding and digital skills for full-stack web development.
- Developed proficiency in programming languages including Javascript, PHP and libraries, frameworks, environments like NodeJs, React and Laravel.
- Served as a scrum master, leading daily stand-up meetings and breaking down high-level problems into actionable distributed tasks for the team.
- Excelled at communication skills, fostering strong relationships with team members, stakeholders, and clients to ensure successful project outcomes.
- Participated in workshops on key Life Skills such as communication and interpersonal skills, CV writing, interview coaching, entrepreneurship skills, financial literacy, and industry discovery.
- Successfully completed the bootcamp, demonstrating the ability to build web applications from scratch and collaborate effectively with other developers.
- Participated in team projects, delivering high-quality code and contributing to the success of the project.

EDUCATION

  Superior Technician Diploma
- **Full Stack Training with coach RONY RIZK**
  Front-End Skills • Back-End Skills
- **Freecodecamp Course**
  Responsive web design, Javascript algorithm and data structures

SKILLS

- Programming languages: **Python, Javascript, Typescript, PHP, Swift.**
- Databases: **Mongodb, sql, upstash.**
- Frameworks: **Reactjs, Nodejs, Laravel, React-Native, Nextjs.**
- Other skills: **Problem solving, teamwork, communication.**

PROJECTS

- **Real-Time-Chat**
  frontend-backend : Nextjs
  languages : typescript
  database : upstash
  deployment : vercel

- **Ecommerce website**
  frontend : Reactjs
  backend : Express
  database : MongoDB
  deployment : Render

- **Learning Management System (LMS)**
  frontend : Reactjs
  backend : Laravel
  database : MongoDB
  deployment : Render

- **weather-API**
  frontend : Reactjs
